

Screwdrivers

Xcelite® Series 99® Interchangeable Tools & Handles

Screwdriver and nutdriver blades made from high carbon steel with polished chrome finish. Bristol and Allen hex blades are precision-formed from alloy steel. Handles are amber (UL) plastic with unique spring device to hold blades firmly. All blades are interchangeable with all handles. Tee or regular handles available with reversible ratchet. Power bit adapter fits all blades listed and all 1/4" hex drive power tools.
