## Ultrasonic Cleaners and Cleaning Solutions

## BRANSON

Functional, reliable and easy to use, with controls mounted in an easily-accessible panel above the tank for safety. Powerful enough to remove heavy oils, buffing compounds or proteins, yet safe enough for cleaning electronic components. Digital models offer maximum control of cycle time up to 99 minutes and bath temperatures to 70°C. Count on batch-to-batch consistency because the unit automatically resets to last setting.
