ITW Texwipe® Dry Wipers

A. MiracleWipes® Wipers: Highly absorbent nylon offers excellent abrasion resistance for rigorous use or wiping rough surfaces. 100% continuous filament nylon provides excellent tensile strength, elasticity and durability. Great for use with alkaline cleaners. Cleanroom laundered and processed for low particulate generation. 9" x 9". Three inner bags of 50 wipers (150 wipers total).

B. AlphaWipe® Wipers: Highly absorbent polyester features low particles, fibers, NVR and ions for use in critical environments. Great as a general-use synthetic wiper as well as cleaning medical device prior to sterilization.

1. 9" x 9", 2 inner bags of 75 wipers (150 wipers total)
2. 9" x 9", bulk pack of 2 inner bags of 75 wipers (150 wipers total)

C. TexWipe® Wipers: Heat-resistant, durable, soft-textured cotton guards against discharge (dissipative performance in 40-60% Rh environments). Excellent for cleaning equipment in wafer fabrication and where high temperatures prevent the use of synthetic wipers. 4" x 4". 4 inner bags of 300 wipers (1200 wipers total).

D. VersaWipe® Wipers: General-purpose, cleanroom-packaged wiper ideal for aqueous-spill cleanup and similar applications requiring low contamination levels, high absorbency and cost efficiency. Suitable for ISO class 6 and greater cleanroom environments. Excellent wet/dry strength. Hydroentangled, non-woven blend of 55% cellulose and 45% polyester. Autoclavable. 30 wipers/bag.
