## BBP™ 11 Label Printer

Low-cost, single color label printer ideal for general purpose label applications including panel identification and wire and cable marking.

**Features:** Straight feed configuration for fast, easy loading; Clear top window helps monitor label usage. **Specs:** Prints 300 dpi at speeds up to 3"/sec. Min label width: 4.170"; Min label length: 0.250"; Max label width: 4.170"; Max label length: 40"; Bar Code Type: 2D and 1D (Linear); PC Connectivity: Serial, Parallel, USB, Network (Ethernet); Memory: 2MB Flash Memory Materials Supported: Die Cut, Notched, Sleeve, Continuous.

No. BDY-BBP11-34L .....\$826.80

## BBP™ 72 Double-Sided Printer

Save time and reduce labeling error with this double-sided printer, ideal for creating two-sided heat shrink sleeve labels. Designed with two print heads, this heat shrink tubing printer can print on both the top and bottom of the sleeves simultaneously, eliminating the need for a second process. Print registration is fast and easy when changing media types to ensure sharp, professional printing on every job.

### Features:

- Easy-to-read graphic and alphanumeric LCD menu display
- Convenient navigator pad and backlit graphical display for fast, easy access to menu options
- Higher printhead heat settings for optimum print quality with Brady materials
- Create, print and change labels quickly and easily

- Ideal for print on 2 sides of Brady Permasleeve and Heatex sleeves simultaneously
- Easy maintenance with field-installable parts

No. BDY-BBP72-34L .....\$9,500.00

## LabelMark™ Version 5 Software

Upgrade your current version of LabelMark™. Features new user-friendly tools like single-click importing and serialization, an interactive custom label creator, complete integration with Microsoft® Office and Auto-CAD applications. Languages: English, Dutch, German, Italian, Portuguese, Spanish. Operating systems: Windows® 2000/XP/Vista; Printer compatibility: 1244/1344 Series Brady IP™, IDXPRT™ V2.0, InkJet/Laser Printers, MVP Series, PAM3000, Tagus, TLS 2200®, TLS PC Link™, Wraprotor, X-Plus Series.

No. BDY-LM5STDCD .....\$219.00

## IDEAL Standard Cable Ties

Use to quickly bundle cable and wiring or use with cable tensioning guns. UL listed. 1000 per bag.

### Minimum Tensile Strength 40 lbs.

1-1/4" bundle diameter, .14 x 5.5"  
 No. IDE-IT151-M .....\$86.27

### Minimum Tensile Strength 50 lbs.

1-3/4" bundle diameter, .19" x 7.5"  
 No. IDE-IT25-M.....\$99.81

## Self-Locking Cable Ties

Made of sturdy, non-corrosive, nylon. Remains continuously serviceable from -40° to +185°F. Uniform serrations along length assure secure wraps. QPL listed, meets all applicable MIL Specs.

Length	Max. Tensile Strength	Max. Bundle Diameter	Cat No.	100/pk. Price	Cat. No.	1000/pk. Price

# 5S Marking Products

## The 5S Workplace

Lean Manufacturing is a systematic approach to maximizing customer value by minimizing waste of all kinds—money, time, effort, space, materials, etc.—and enabling continuous process improvement. It can give you a competitive edge by reducing costs, increasing quality, and allowing you to be more responsive to your customers' needs. 5S (sort, shine, set in order, standardize and sustain) is one of the most widely adopted techniques from the lean manufacturing toolbox. It focuses on creating a clean, orderly environment where there is a place for everything and everything is in its place.

### 5S methods let you reduce:

- Non-value adding activity
- Mistakes by employees and suppliers
- Time for employee orientation and training
- Searching for tools, parts and supplies
- Inventory and associated costs
- Unnecessary human motion and transportation of goods

### While improving:

- Equipment life due to more frequent cleaning and inspection
- Utilization of floor space
- Employee safety and morale
- Product quality

## Premium 5S Marking Kit

5S (sort, shine, set in order, standardize and sustain) which focuses on creating a clean, orderly environment where there is a place for everything and everything is in its place, is one of the most widely adopted techniques of the lean manufacturing concept. Here's everything you need to start the 5S process by color-coding your facility. Each kit contains an assortment of workbench and floor marking supplies.

### Toolboard/Workbench marking (1 roll each of black, red, blue, green):

- 12" Shadow vinyl (4 rolls)
- 1/2" Border tape (4 rolls)
- 1/2" L-shaped corner marks (4 rolls)

### Floor marking (1 roll each of yellow, red, blue, green):

- 2" Floor marking tape (4 rolls)
- 2" L-shaped corner marks (4 rolls)

No. BDY-142109 .....\$499.95

## Premium 5S Marking Kit with BMP 71 label printer

**Includes:** Printer, charger/AC adaptor, hard carrying case, 1 roll each of 2" black and red ribbons, and 5 rolls of tape in various widths and colors.

No. BDY-142111 .....\$1,599.95

## Premium 5S Marking Kit with IDXPERT label printer

**Includes:** Printer, AC adaptor, hard carrying case and 5 tape cartridges of various widths and colors.

No. BDY-142110 .....\$999.95

## ToughStripe Floor Marking Tape

Rugged polyester construction and aggressive adhesive withstands the heaviest traffic for a durable, economical and practical alternative to painted floor markings. Lets you lay down smooth straight lines with no special floor prep. Resists marks, cleans up like new and removes easily with no residue.

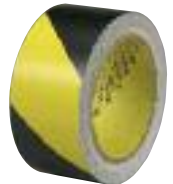

## 5702 Safety Stripe Tape

Safety stripe vinyl plastic tape with 2" (50.8mm) wide alternating colored stripes. Designed to mark floors and objects to identify safety areas and physical hazards. 2" x 108' (36 yds.).

No. BID-70006026051 Black/Yellow .....\$38.06

No. BID-70006022001 Black/White .....\$40.13
